6.2. **School Climate Surveys:** The School Site Council will discuss the questions that the administration recommends for the next school climate survey that will go to parents. The survey will help inform our Schoolwide Plan, Local Control Accountability Plan, and other program improvements and plans. The School administration asks the SSC to write notes about sections and questions. For example, items that they would add, modify, or remove for our climate surveys.

Comments and Notes:

-Murillo recommends for members to attend other meetings in the school.

-Cairney questioned if we can add more questions on specific health safety in regards to COVID and being on campus.

-Hokanson brought up to be specific to the actual school and not feelings of safety. Is it the right place to ask if we can figure out a way of what parents need. Since all students are not at school, we have less access.

-Murillo recommends to ask if school is taking the appropriate measures

-Cairney suggests if there are suggested measures. Expand the socio-economic or emotional part of the survey to understand the needs of families.
